

Position Description

Site Foreman

About the role

Due to our continued growth, an opportunity has opened for an experienced tradesman to join our dynamic team in a leadership role working on a variety of projects in New South Wales, Victoria and the ACT.

The successful applicant will be able to demonstrate an ability to co-ordinate and manage residential and commercial projects, read plans and have a sound knowledge of OH&S requirements. You will also possess excellent communication skills to liaise with clients, team members and other trades.

Demonstrated experience in a trade that is associated with landscaping is essential i.e. Plumbing, Brick-Laying, Building, Concreting etc. Overnight and extended stay work is a possibility and should be taken into account when applying for this position.

Core duties

- Planning and management of a small team
- Mentor apprentices
- Control & monitoring of OH&S systems
- Record keeping
- Accurate ordering of materials
- Management of quality control

Skills and experience

- Excellent communication & leadership skills
- Proficient in planning, organising & problem-solving
- Bobcat/Excavator License highly regarded
- White card
- Competent in reading & interpreting plans
- MR or HR license would also be highly regarded

Why join the Creative Outdoors team?

This role will offer you an opportunity to utilise your leadership experience and take on a senior position with an established company that has won national awards in landscape construction and offers career growth potential. We as a company have big dreams and so too should the successful applicant.

- Great variety of work
- Fantastic team environment
- Competitive remuneration, dependant on experience

Due to the nature of some of our projects a Criminal History check and a Working with Children check will need to be completed prior commencement of employment.

This is a Full-Time contract. Should you wish to apply for this role please submit your resume and a covering letter to xavier@creativeoutdoorsandmore.com.au
